<input checked="" type="checkbox"/>	It would not be effective

It would not be consistent with national policy

Positively prepared – providing a strategy which, as a minimum, seeks to meet the area's objectively assessed needs; and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and is consistent with achieving sustainable development;

Justified – an appropriate strategy, taking into account the reasonable alternatives, and based on proportionate evidence;

Effective – deliverable over the plan period, and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground; and

Consistent with national policy – enabling the delivery of sustainable development in accordance with the policies in this Framework and other statements of national planning policy, where relevant.

Please provide details of your representation here:

It was discussed at Bramford Parish Council meeting of the 20th September, (agenda attached), that because no information given to Bramford Parish Council, that the requirements stated makes the consultation void at this juncture.

The residents have approached Bramford Parish Council, telling us of their concerns, that frequent travellers onto the site with no formal checks and follow up would create policing impossible and the opportunity of crime would be increased within the area, which would include Bramford Village.

There is no secure perimeter fencing around the border of the site which has led to criminal activities outside the perimeter, both into Bramford Village and onto the A14, which has also caused damage and may cause human and animal injury.

We therefore request the courtesy of representative from Ipswich Borough Council Planning and Development Department to contact Bramford Parish Council and the residents of Bramford Village, to fully explain, through a presentation the plans and reasoning for this proposed extension.

Thank you.

Please provide a concise summary of your representation here (up to 100 words):

Same as above

Please be as precise as possible.
